

# Energy – Freight Policy

Effective – 11/01/2018

Within the continental United States, orders totaling 10,000 pounds or more net weight or \$5000 Spacer Cable accessories which are shipped from one Southwire location at one time to one customer location are subject to FOB purchaser's destination. Orders totaling less than 10,000 pounds net weight or less than \$5000 Spacer Cable accessories will be FOB shipping point. FOB orders to Alaska or Hawaii are subject to an additional transportation cost. Means, route and agency of transportation shall be designated by Southwire. Otherwise, customer will be invoiced for the costs exceeding the lowest applicable transportation costs. Rates for "Prepay and Charge" are determined based on Southwire's contracted rate to provide delivery to destination for the specific order referenced on the invoice, plus handling and processing fees.
